

Tom Boley

is coming to our Clubhouse
at 3189 Mercier St, KCMO
on
February 20th and 21st
Everybody is welcome to attend!

Tom Boley has started up two woodturning clubs since 1995, including the Flint Hills Woodturners in Wamego, KS. He has owned a custom architectural woodturning business but he retired to pursue his woodturning creativity. He is an inventive and gifted teacher. Tom has taught at the John C. Campbell School and demonstrated at clubs all over the country. He will show us how to turn several of his signature pieces.

Saturday, February 20th, \$25.00 Demo starts at 9:00am

Tom Boley will first turn a natural-edge square bowl. Next, he will turn a natural-edge bowl cut on the bias. This bias-cut is an unusual orientation and quite striking. Then, Tom will turn one of his signature platters, going through all the steps. Finally, he will show how to turn architectural rosettes. Lunch is on your own.

Sunday, February 21st, \$95.00 Hands-On starts at 9:00am

Tom will guide the class through making two projects: the natural-edge bowl cut on the bias and turning one of his signature platters. All wood will be provided to the class. Beginners should have a basic knowledge of lathe and tool use, and currently turn. Lunch is furnished.

Both events will be held at the KC Woodworking Guild Clubhouse at 3189 Mercier KCMO.
