## MAY PROGRAM

### “FINISHES”

**DAN MORENO** takes an in-depth look at a major component of our woodturning and general woodworking projects. Make sure to mark your calendar and be prepared to take notes at this very informative presentation on finishes.

### LYLE JAMISON’S WORKSHOP

The dates are set for June 6<sup>th</sup>, 7<sup>th</sup> for a club-sponsored event to be held at Turn About Wood, at the Antioch Center, north of the river. If you have previously signed up you will see a great demonstration by a top turner and instructor, Lyle Jamison. Lyle has demonstrated and taught all through the country and internationally. See his Two Day Workshop Outline attached to the newsletter.

It was also announced that if you can't make these dates he would also be in Topeka, Ks. June 8 and 9<sup>th</sup>.  
(See Russ Blaser for more information on that meeting.)

## JOHNSON COUNTY MUSEUM EXHIBIT

There was a great turn out for the opening of the “**As the Wood Turns**” at the Johnson County Museum of History. Thank you goes to everyone that volunteered to demonstrate and to those members who donated their time and projects to make the day a success. The club’s woodturnings along with other associated exhibits will be on display through June 9<sup>th</sup>

Make sure you see it.

At the last meeting, **TURN ABOUT WOOD** announced their new 2002 Educational Program. Nationally, and Internationally, known veteran turners and instructors will make up this years roster and will be demonstrating at the store.

**APRIL'S SHOW AND TELL**

It was one of the largest "Show and Tells" we have had. Don Gruis finally asked how many members didn't bring a show and tell item. We had great fun with 22 members showing various projects from miniatures, utilitarian projects, to art, to very large woodturnings. Some of this beautiful work went to the exhibit at the Johnson County Museum. We have some very talented turners in our club. (In this case too numerous to mention).

Keep bringing your projects to the club meetings. We all can learn from each other's experiences.

**MAY'S SHOW AND TELL**

Do you have something to share that is a little out of the ordinary that you have done, something fun you would like to share? If not, bring in your current project. The club would love to see it.

The St. Louis Woodworkers Club wishes to announce that **Soren Berger** will be demonstrating on June 8<sup>th</sup>. Registration required. Contact Mario (314-423-8120)

**LAST MONTHS PROGRAM**

**ANTHONY HARRIS** did a great job of presenting his techniques of turning a ringed goblet. It wet our appetite to go home and try one our selves. In fact I hear that a few members have been turning ring goblets since the last meeting. Thank you Anthony for sharing your work. It was very informative.

**NEW MEMBERS**

Please welcome the following new members to the club.
