

# KANSAS CITY WOODTURNERS

NEWSLETTER NO. 12

JUNE 1995

THE KC WOODTURNERS IS A GROUP OF INDIVIDUALS WHO GET TOGETHER TO SHARE THEIR COMMON INTEREST IN WORKING ON THE LATHE. MEETINGS ARE HELD ON THE SECOND MONDAY OF EVERY MONTH AT WOODCRAFT SUPPLY, IN LENEXA KANSAS. THEY START AT SEVEN PM.

LAST MONTHS MEETING WAS AN OPEN DISCUSSION ABOUT LATHES. THERE IS A GOOD VARIETY OF LATHES OWNED BY THE MEMBERS OF THE CLUB, AND PEOPLE TALKED ABOUT WHAT THEY LIKED AND DISLIKED ABOUT THEIR MACHINES. IT WAS AN INTERESTING MEETING THAT SHOULD HELP ANYONE DECIDE ON A NEW LATHE.

SPEAKING OF NEW LATHES, SOME MEMBERS HAVE EXPRESSED AN INTEREST IN BUILDING, OR MODIFYING A LATHE WITH DC VARIABLE SPEED. IF YOU KNOW OF A GOOD SOURCE FOR THESE, PLEASE SHARE THEM AT OUR NEXT MEETING.

FOR SALE: KITY LATHE, 42" REACH AND 15" SWING. ASKING \$1,450.00. CALL CRIS AT 650-3600 OR 897-6660

THERE WILL BE A WOOD TURNING SYMPOSIUM IN ST. LOUIS SEPTEMBER 16TH AND 17TH. FEATURED DEMONSTRATORS WILL BE ALLAN LANCER, BONNIE KLIEN, CLAY FOSTER, AND J. PAUL FENNEL..

BEFORE I GOT MY AIR MATE HELMET, I USED TO WEAR A FACE SHIELD WHEN I WAS DOING HEAVY STOCK REMOVAL ONLY. LAST NITE WHILE DOING SOME TOUCH UP ON A BOWL, I HAD IT COME OFF THE LATHE AND HIT ME IN THE FACE. THAT IS, IT WOULD HAVE BEEN MY FACE, IF NOT FOR MY SHIELD.

THE HIGHLIGHT GALLERY IN CALIFORNIA HAS SENT AN OPEN INVITATION TO JOIN IT'S 13TH NATIONAL LATHE-TURNED OBJECTS EXHIBIT. SLIDES OF YOUR WORK MUST BE IN BY JUNE 15TH. SEE ME FOR AN ENTRY FORM.

SEE YOU AT THE NEXT MEETING ON JUNE 12TH.
