Librarians:  
Ed Stevens  
(913)381-0689  
Dick Smith  
(913)341-4613

Director:  
Bill Coomer  
(913)268-7644

## February Meeting Program

**Richard Woodhouse** will be giving a demonstration on turning a Parker style pen. Not only will he be showing us how to turn them, but also how he approaches the sale of his product to prospective clients. This should prove to be an interesting area of topic. Also at the Feb. meeting, **Tracy McCarty** will be doing a hands-on demonstration on the turning of a key fob. Make sure and mark your calendar to see these two in action.

### Membership dues were due Jan. 1, 2000.

This will be your last Wood Chips Newsletter if you have not made arrangements to pay your annual dues. Membership dues were due Jan. 1. Individual memberships are only \$20.00, and still your best purchase of the year. Please contact **Don Gruis**, to make sure that you continue to receive your Wood Chips Newsletter

### Woodworking Tool Show Update

Don't forget that on Feb. 18-20, The Woodworking Tool Show will be held in O.P. Ks. **It should be a great show.** If you are taking items to display, you are ultimately responsible for your own work. Please make sure you have arrangements to get your displays to and from the show after each daily show.

Note: you are not allowed to sell any items at this show.

## February Meeting Volunteers

Refreshments & Cookies:

**Rick Bywater**

**Bob and Mary Davis**

Set-up & Clean-up:

**Pete Stiglich**

**Steve Sandelich**

**NOTE:** If any of the volunteers are **unable** to provide for what he/she has signed up for, **it is his/her responsibility to find another member to take his/her place.** Thank you for adhering to this rule.

### Membership Roster

Please get with one of the officers if you **do not** want your mailing address given out to our supporters. We will be making contact with them soon .

### January Show and Tell

Thanks to **Rodger Lambie** for sharing his cottonwood crotch bowl that he turned using his Exocet hollowing tool. It produced a fine finish on the inside of his bowl.

**Bob Sloane** showed his two square edged finger tops and a nicely done natural edge bowl that was turned out of a limb that he had found.

OneWay lathes  
Chucks & Sharpening Equipment  
Join us for our Turning Point Workshops

### Show and Tell cont.

**Pat Roman** had us compare the wood of two segmented bowls that he had turned from Afromosia and Teak. He wanted us to see how similar in appearance they are, and noted that Afromosia is less costly. It was his first segmenting project and he did a great job. **Virgil Boyd** brought two nice bowls. One was a "square" bowl and one was a "want to be square" bowl. He recovered from it nicely. Way to go, Virgil.

**Clarence Huycke** brought an African Blackwood bowl. He didn't like working with the wood, and as the story goes, he had to go out and buy a hood so he could finish the project. Clarence, we are glad you did, and the bowl looks great. **Raymond Graham** shared a clam shell oddity.

**John Shackelford** gave a very informative demonstration on turning wooden rolling pins. He brought in several to show. They were not only beautiful, but practical and are great gift ideas. He has the plans for them if you didn't get them at the meeting. John, thank you for your demonstration.

My apologies go to anyone left out or for any incorrect information. Please keep bringing your turnings, any other wood related projects or turning information you have .

Please share any ideas you may have for future programs with **Tracy McCarty**.

At the February meeting, **Richard Woodhouse** will be sharing with us some of the ideas that have come up in regards to the community project that has been discussed for this year. Richard has also volunteered to man the video at the meetings.

Also, we will have **Boyko Varney** back taking photos, and putting them in our club album. It's always fun to look back at what has been done.
