10/23/08 - 4<sup>th</sup> Thursday 6:00pm-9:00pm. Open lathe evening.

10/25/08 - 4<sup>th</sup> Saturday 8:30am-Noon. Open lathe morning.

### Welcome New Members !!!

Lezlee Bryan

Diane, Dale & Brenna Barger

### Support Staff

**Archivist:**

Larry McClintock

**Audio/Video Crew:**

Pat Roman  
Jay Nichols  
Merle Schneck

**Librarians:**

Jim Faherty  
Bud Schenke  
Dr. Frank Hoog

**Membership:**

Bill Kuhlman

**Refreshments:**

Linda & Jerry McMaster

### September Meeting Turning Challenge

This month's turning challenge theme is "Lidded Container". The container can be a box, jar, vase, urn, or any other turned item with a lid. As always, feel free to use your imagination. I'm sure we will all enjoy the results of this challenge.

## September Meeting Woodturning Demonstration

### The Kel McNaughton Hollowing Rig presented by Parker Nicholson

The September KCWT meeting demonstration topic is the Kel McNaughton Hollowing Rig presented by Parker Nicholson. Hollowing rigs like the McNaughton and Jamieson are becoming very popular with hollow turners. I've found that hollowing rigs can even be used by segmented turners.

Parker will talk about his experience with the McNaughton hollowing rig. If you are thinking about buying a hollowing system don't miss this demonstration. I'm sure there will be plenty of audience participation with other woodturner's experiences with their own hollowing system.

## Last August Meeting's Woodturning Demonstration

### Work Holding on the Lathe with David Bartlett

Our own KCWT member David Bartlett talked about his woodturning learning journey experiences with work holding on the lathe. David covered such topics such as mounting work on the lathe for spindle turning, faceplate turning, using double sided tape, drill chucks, using multiple jaw chucks, and several different styles of steady rests. The demo was very informative, especially for beginning woodturners.

## Last August Meeting's Turning Challenge

### “SEGMENTED TURNING”

by Chip Siskey

by Stuart Shanker

Last month's Turning Challenge theme was the SEGMENTED TURNING. First place went to Chip Siskey for his segmented bowl. Second place went to Stuart Shanker for his segmented kaleidoscope. All of the entries in this Turning Challenge showed great imagination. Thanks to all that took the Challenge.

Parker Nicholson won a 3/8" bowl gouge in the special drawing for the Turning Challenge entrants.

## REMINDER !!

### OVERLAND PARK ARTS and CRAFT FAIR Saturday - September 27, 2008

The KC Woodturners Club will have a Benefit Booth at the Overland Park Arts and Craft Fair. The cost of the Fair has been paid for by concerned members of the Club and ALL PROCEEDS will go back to the Club to be used for lease payments due in 2009.

We need members to donate items that we can sell at the Fair. The success of the Fair depends partly on the ability of our members to donate merchandise.

Craft donations such as the items listed below will be needed:

Pens	Bottle Stoppers
Fan/Light Pulls	Tops
Flower Holders	Money Clips
Refrigerator Magnets	Wood Jewelry

Please give a suggested selling price for your donations.

Art donations will also be needed in all price ranges. If your suggested selling price is over \$200.00 the donor will receive 50% of the selling price and the Kansas City Woodturners will receive 50% of the selling price. These items should be priced in \$5.00 or \$10.00 increments. (Craft items may be priced in \$1.00 increments)

All donations should be at the Club House no later than our September 8<sup>th</sup> meeting where there are special tables for donated items.

After the Art Fair on September 27<sup>th</sup> all unsold items will be returned to the KCWT Clubhouse to be returned to the donor.

Location of the Overland Park Arts and Craft Fair is:

Santa Fe Commons Park  
81<sup>st</sup> Street & Santa Fe Drive  
Overland Park, KS  
9:00AM till 5:00PM September 27<sup>th</sup>

Set-up will be September 26<sup>th</sup> after 2:00PM

Volunteers will be needed to help and there will be sign up sheets at the next meeting for work assignments

If you have any questions contact Russ Blaser at 913-894-2232 or email [russblaser@everestkc.net](mailto:russblaser@everestkc.net).

3001 Southwest Blvd.  
Kansas City, MO 64103-3616

10% discount on lumber and supplies to all KC Woodturners Chapter members when you present your membership card!

Woodturning With...

Jimmy Clewes

Come join us on Saturday, September 13th for Demos and for Hands On Classes on Sunday, September 14th and Monday the 15th. 9 AM to 4 PM each day.

9701 West 67th, Ste. 100, Merriam, KS 66203

Jimmy is not your ordinary woodturner. Upon a first meeting one would think of him as a renegade, a free thinker and not within the stereotypical image of a woodturner. His charming British style, unending wit, creative mind and magnetic personality are only some of the attributes that make him popular in the woodturning demonstration circuit.

Jimmy is on the Register of Professional Woodturners in the United Kingdom and a member of the American Association of Woodturners. He has over 20 years of experience in woodturning and woodworking.

It was not long after leaving school at the age of 16, Jimmy attained an apprenticeship in engineering and decided to further his studies by attending Manchester Polytechnic. He received a 2:1 Honours Degrees with special emphasis on learning 3 Dimensional Design.

It was during his time in college that his interest in woodturning was rekindled. The combination of his college education, his limitless imagination and his professional skills was a perfect fit for Jimmy to pursue his creative abilities as a woodturner and to take that ability to the next level. For further information see his website: [www.jimmyclewes.com](http://www.jimmyclewes.com)

## Saturday's Demo fee is \$20

**Demos will consist of:** Oriental Box, Colored Pieces (12" plate or small bowl), Arabic Box, Long Stemmed Goblet and End Grain Vase.

**Hands-On Classes:** Tools and Materials: 1/4" bowl gouge, 3/8" bowl gouge (or 1/2"), roughing gouge, thin (1/8") parting tool, round nose scraper, 3/8" spindle gouge, end grain hollowing tool. Abrasives to 400 grit, sanding sealer, wax, Danish Oil or Deft Oil. **All wood included in class fee. Drawings for Hands-On Class Lathes will be Sat. at the noon break.**

**Sunday:** September 14th 9 am to 4 pm.

**Projects:** Oriental Box, Long Stemmed Goblet

**Monday:** September 15th, 9 am to 4 pm.

**Projects:** Footless Bowl, Lidded Finial Box, Colored Piece.
