Board meetings are the
First Monday at 7:00 p.m.
at the KC Woodturner's
Association Clubhouse

A local chapter of the
American Association of
Woodturners

September's Demonstrator Was You

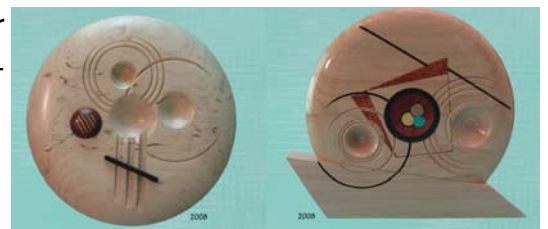

September's demonstration was a show and tell of jigs used in our woodturning shop. Some of the items shared were: wooden measuring calipers, longworth chucks, router threading assembly, go/no-go tenon measuring jig, bandsaw sled, and sphere cutting jigs. Everyone got a

chance to explain how they used their jig and answer questions. There were many handy and time saving ideas shared.

November Demonstrator is Judy Chestnut

Come to the November meeting and watch Judy demonstrate multi axis turning.

Scout Troop 136 Learn to Turn

Lenexa, KS Troop 136 will be visiting the KCWT's facilities on November 14th to learn about turning wood. The scouts will be receiving safety instructions and then creating their own turned pen. We are needing people interested in helping the scout learn to turn. If you are interested in helping them turn or sharing you knowledge on woodturning please contact John Burrigh jbburri@yahoo.com or Bob Coyne bjcoynejr@yahoo.com and let them know you want to help. Part of our mission as the KCWT is to support interested youth, providing the encouragement and access to training.

Club Events Calendar

All events are held in the basement of the building at 9701 W 67th Street, one block west of I-35 in Merriam Kansas. The entrance is on the west side of the building.

12/14 - Regular Meeting

10/24 - 4th Thursday NO WORKSHOP CHRISTMAS EVE

10/26- 4th Saturday Workshop 8:00 am to Noon

Club Receives a New Delta Lathe

The Black & Decker Industrial Products Group of Overland Park, Kansas has donated a new Delta Midi wood lathe. It has been receiving a lot of attention beginning with the club's first use at the Deanna Rose apple festival, where club members turned some 130 spinner tops for the children over a five hour period. We've got the lathe set up in a prominent location alongside the other 12 lathes. At the November meeting, there will be a demonstration of the new lathe to the whole club. Melanie will be giving a presentation assisted on the lathe by Ed Bergstandt. Should be fun to watch.

November Challenge

The last challenge of the year. For November turn a holiday item.
