APRIL 2011

We've made the move. All of the wood turners' possessions have been moved to our new location, at 3189 Mercier. Working together the woodworkers and turners were able to finish moving all of their equipment on March 26th. It's amazing how much we have accumulated, but not as much as woodworkers. Boxes, piles and the equipment were all placed in our new space by the end of the day. Since then there have been people working on setting up the new facilities for both clubs. Walls were laid out and studs were set. Sheet rock has been hung on the studs and the taping and mudding has begun. Most all the electrical has been roughed in and wired. Ceiling tile is starting to be installed, with holes cut for sprinkler heads and heating & cooling vents. Since the move, changes and improvements are happening every day.

Last Saturday, a group of turners worked the morning helping with the ceiling in the turning area and with the mudding of sheet rock in the commons area. We were constantly moving all the equipment as we worked.

As of this writing we are planning on another work day this Saturday. We will hopefully be ready to paint and finish our ceiling. We need to sort and store the supplies that we brought over. And we can start to set-up our work areas. Figure out where to place the lathes and other equipment, so they are easily accessible and useable in their new working locations. We need to figure out the best way to set-up the dust eaters and areas to work off the lathe. (You know, an area to sit and discuss what's going on)

Monday is our regular monthly meeting and we will be having our regular meeting in the new facility. Come bring your current projects to show and

tell. And if you haven't seen the facility, this will give you all a chance to check out what has happened and what is left to do. Bill is doing a demonstration on a twisted box tornado style salt/pepper shaker. And I am looking forward to seeing the transformations of those bowling pins. I know I had some surprises when I started working on mime.

Club Events Calendar

All events are held at 3189 Mercier, Kansas City, MO
